To Elwood Sourdough, the locals they do go,  
For the Spotties are well known to give a fuzzy after-glow.  
At Elwood Sourdough a sprouty Hiking Loaf will give you  
Power to go for a stroll up Kosciuszko.

Sourdough is delectable,  
All you knead is flour and water and salt,  
And potato skins for the leaven and... plenty of time...  
And a little Sun, for a crunchy crust  
Elwood Sourdough is a must.

Baking, when we are baking,  
all of our troubles fall far behind...

To Elwood Sourdough, the locals they do go.  
Gotta get mixing, shaping, proving,  
Into the \*bannetons for a baking.  
In toast we trust, at Elwood Sourdough...

*\*a **banneton** is a “proofing basket” giving structure and shape to the dough during its final rise*
